Presented by Counsel for Bankers' Compliance Group®
ALDRICH & BONNEFIN, PLC

Financial institutions are increasingly outsourcing activities and processes to third parties. It is no surprise that federal banking regulators have emphasized the need for institutions to manage the risks associated with vendor relationships. In some cases, the failure to adequately manage these relationships have resulted in significant regulatory penalties, legal risks and reputational damage.

Join us as we discuss the federal regulators' expectations regarding your institution's vendor management program, including the need for your board's involvement, critical risk assessments, vendor selection, negotiating vendor agreements, and your ongoing monitoring obligations.

As part of the Webinar we will include a discussion of due diligence and contract negotiation checklists that incorporate the various considerations that should be a part of your vendor management program.

HIGHLIGHTS

- Essentials of a vendor management program
- ADA accessibility considerations
- Validating model risk products
- Subcontracting and SSAE-18
- Vendor insurance considerations, including cybersecurity insurance
- Unique risks related to cloud service providers
- Sample due diligence forms and checklists
